Mrs. Payal Tahilramani	Teacher
Ms. Nagma Khan	Teacher

# Educational Excursion...

Travelling is a part of education.

An excursion is not just a pleasure trip, it enhances the knowledge of the students beyond the four walls of the classroom.

To provide such an enriching experience to students of MJ SCHOOL organise excursion to famous places every year.

## • Purpose Behind Educational tour -:

Educational tour had a major educational element, but along with it exploring to the nature environment and refreshment from hectic classroom training from competitive exams study.

The aim behind conducting an Educational tour was giving students the chance to build closer bonds with their classmates, experience new environment and enjoy a day away from the classroom, and to enhance their hidden skills and talents.

# There are five benefits of Educational Excursion -:

1. Effective Learning
2. Exchange of Ideas
3. Personal Development
4. Heightens Perception → A tour to new places is not just a fun get away. It is about discovering new environments and principles. They become more empathetic and respectful towards other cultures as well as towards other cultures their own surrounding.
5. Universal Networking

Education, these days, is not just about imparting bookish knowledge. It also means sensitizing children about the neighbourhood they are a part of.

Learning becomes meaningful and fun-filled when children are in harmony with their surroundings.

\* With an aim to acquaint them with neighbourhood services and markets, the students of Grade-IV were taken to visit a Mall, as part of their co-curricular activity. They were accompanied by their teachers.

\* Learning Outcome—:

Upon reaching there, they were taken around the place and shown how a mall functions, with all the people's needs being met under one roof. They enjoyed looking at the displays in the windows of shops.

They learnt about the ways in which a Mall is different from a market.

They all came back feeling informed and rejuvenated.

God is worshipped in different names, in different religions but the message is the same. — Be kind, Speak the truth and Pray to God.

Everyone of us worship God, we all pray - that is our act of showing respect and love to God. For this we need to have a special place of worship. Most religions have structures that serve as places of worship like, Hindus worship in temples, Christians go to the church, Muslims go to the Mosque and Sikhs go to the Gurdwara for their prayer.

The children's bus ride to these different places of worship around the city widened their knowledge as they were enlightened by the father (priest) of the church with detailed and important information about God, Prayer. They've offered prayer to the temple also and taken blessings from Lord Ganesh.

Outcome -:

This field trip was a great opportunity to inculcate in the children the value to respect each religion and every religious place with the hope of designing their little minds to be God loving.

— Another field trip ended happily with the message loud and clear, "Love and Respect all religions."
